ANNUAL REVIEW SCHEDULE

March/July – Annual Budget Review

November – Master Plan, Goals, Objectives and Strategies Review

January – Capital Improvements Plan (CIP) Review

MASTER PLAN GOALS

I. GOAL: (Space/Facilities) Meet present and future community needs for parks, greenways, trails, and recreation.

- A. Objective: Plan and develop a system of parks, greenways, open space, and recreation facilities that provides a minimum of 16 acres per 1,000 Village residents.
 - ✓ Current surplus in mini-parks, neighborhood parks and community parks based on July 2008 SEMCOG population estimates.
- B. Objective: Encourage the preservation of green space and the development of new parks and/or recreation assets when opportunities arise.
- C. Objective: Following removal of the Mill Creek dam, plan and develop a linear park along the Mill Creek.
 - ✓ Dam was removed in June 2008, Mill Creek Park Master Plan adopted by Council January 26, 2009
 - ✓ Various grant application applied for in anticipation of 2010 Phase 1 park construction and development

II. GOAL: (Recreation) Encourage healthy lifestyles for Village residents through recreation.

- A. Objective: Offer Village residents a balanced program of active and passive recreation opportunities.
 - ✓ Working on developing a system of trails, implemented ice rink in 2009
- B. Objective: Offer Village residents multiple opportunities to walk, run, bike, skate, or paddle without leaving their community.
 - ✓ Grant applications for boating, walking and pedestrian connections submitted throughout 2009
 - ✓ Awarded Waterways Infrastructure grant for installation of 3 boat launches

III. GOAL: (Accessibility) Strive to make every Village park and recreation site accessible.

- A. Objective: Design and develop a system of all-season, non-motorized pathways, trails, sidewalks, and bike paths linking Village neighborhoods with both Village and adjacent non-Village parks, greenways, pathways, recreation venues, schools, and commercial retail areas.
 - ✓ Working with County Parks and HCMA on regional trail connection and B2B Initiative
- B. Objective: Ensure that all parks and recreation assets are barrier-free and universally accessible.
 - ✓ Barrier free design was incorporated into Mill Creek Park Plan and DDA is providing funding to facilitate ADA access to Mill Creek Park via Jeffords Street.

IV. GOAL: (Environment) Make nature and healthy ecosystems an important characteristic of our Village.

- A. Objective: In designated Village natural areas, enhance and preserve healthy ecosystems for native plants, fish, and wildlife.
- B. Objective: In Village urban areas, enhance the natural feel of each park.
 - ✓ Mill Creek Park has been planned as a passive park with a natural feel.
- C. Objective: Advocate for the enhancement and preservation of natural features within and surrounding our Village.

V. GOAL: (Management) Use sound planning, financial, and operational management practices.

- A. Objective: Deliver on our stated goals and objectives.
- B. Objective: Ensure that our parks and recreation assets remain available for enjoyment, now and in the future.
- C. Objective: Foster smart and efficient management practices.
- D. Objective: Identify and utilize all available Village and non-Village funding resources to meet our goals.
 - ✓ Numerous funding sources were applied for in 2009.

VI. GOAL: (Community) Foster a community-wide sense of pride in and support for our parks and recreation program.

- A. Objective: Promote parks and recreation activities in the community and our broader service area.
- B. Objective: Provide and promote opportunities for individual citizens and community groups to influence the mission, priorities, management, and operations of the parks and recreation program.
 - ✓ Mill Creek Park Master Planning Process and Westside Connector Planning engaged many parties.
- C. Objective: Deliver superior service to citizens and others seeking our help.
- D. Objective: Develop an overall parks and recreation program that makes a positive contribution to the economic sustainability of the Village.
 - ✓ Ice Rink in 2009 helped promote downtown
- E. Objective: Develop and maintain parks and recreation assets that incorporate a high degree of aesthetic appeal.
- F. Objective: Develop and maintain park and recreation assets and recreation programs that meet current industry safety standards and, where standards do not exist, develop and maintain assets and programs with careful consideration for user or participant safety.

REPORTS AND COMMUNICATION

A. CHAIR

Becky Murillo reported that there was an issue with a member of the Dexter Wellness Coalition refusing to hand out fliers for the Dexter Wellness Center at the Dexter Daze Festival. As a result, at the last Dexter Wellness Coalition meeting, members of the Chelsea Wellness Foundation Board came to discuss the relationship between the three organizations.

B. COMMISSIONERS AND EX-OFFICIO

Julie Knight reported that at the City Council meeting on September 14th, City Council appointed Katie Koch to the Art Selection Committee. She also reported that City Council discussed the Dexter Daze Festival. Discussion of the Dexter Daze Festival followed.

C. STAFF REPORT

Justin Breyer submitted his report per the packet. He reported that a Mill Creek Park Work Day has been scheduled for October 3rd. He also reported that Dexter was given an award by the Keep Michigan Beautiful Foundation, which will be hosting an awards ceremony on October 16th. Mr. Breyer also provided the Commission with information relating to a possible grant opportunity through GameTime, and provided an update on Ian Bell's Eagle Scout project.

NEW BUSINESS

A. CONSIDERATION OF: APPOINTMENT OF KATIE KOCH TO THE ART SELECTION COMMITTEE

Motion Murillo, Seconded by Knight to recommend appointing Katie Koch to the Art Selection Committee as the Parks and Recreation Commission's representative.

Yeas: Knight, Koch, Henkemeyer, Han, Murillo

Nays: None

Absent: Coy

B. DISCUSSION OF: DONATION GUIDELINES AND VOLUNTEER MANAGEMENT PLAN

The Commission discussed the Donation Guidelines and Volunteer Management Plan document provided. Discussion included the previous development of the document, and the cost of listed donations. The Commission also expressed concern about funding Eagle Scout projects in the future as fundraising is supposed to be a part of the project. The Commission gave consensus that they would like to use the entire document as a policy/procedure guide. The Commission provided direction to staff to update the document for the November meeting.

C. DISCUSSION OF: FIRST STREET PARK

Justin Breyer provided an update on First Street Park with regard to City Council's discussion of vacating the road right-of-way and the building of a storage shed. The Commission was also made aware of the public hearing for partial vacation at the October 26th City Council meeting. The Commission discussed First Street Park, the partial right-of-way vacation, and the location of the shed. The Commission gave consensus that that the location seemed acceptable as presented, but would like to revisit the item at the next meeting.

OLD BUSINESS

A. DISCUSSION OF: MASTER PLAN AND PUBLIC SURVEY

Justin Breyer provided an update on the Parks and Recreation Master Plan survey. Commission members expressed concern about the length of the survey if more questions were added. The Commission directed staff to add an "other" and "i.e. regional parks and schools" option to questions involving facility use. The Commission discussed the need to gather more gift cards to provide survey-takers.

B. DISCUSSION OF: LIONS PARK PLAYGROUND EQUIPMENT

Justin Breyer provided an update on the Lions Park playground equipment project. GameTime has sent out a notice that they have a grant that will match 100% of purchasing dollars. The grant program ends in November, so this combined with the increased cost of the playground equipment means that the City should buy the equipment within the next month. The Commission discussed these details.

C. DISCUSSION OF: MISCELLANEOUS UPDATES

None

C. DISCUSSION OF: PARKS MAINTENANCE REQUESTS

MEMORANDUM

TO: Parks and Recreation Commission
FROM: Justin Breyer, Assistant to the City Manager
RE: REPORT
DATE: October 16, 2015

Huron Waterloo Pathways Initiative

Becky Murillo has invited Jeff Hardcastle from the Huron Waterloo Pathways Initiative to attend the October Parks and Recreation Commission meeting. He will be discussing the status of the project. Becky will also likely provide an update regarding pathways extending out towards Island Lake Rd.

Lion's Park Playground Equipment Update

I spoke with Matt Campanella from Sinclair Recreation regarding the "playground grant" that GameTime was offering. The "grant" does not really seem to be a "grant," but more of a discount. Mr. Campanella submitted a revised cost estimate that showed a \$12,000 "grant," but the cost of the equipment was raised to full price because the "grant" could only be applied to the full market price. This change results in approximately a \$1,200 savings from the original estimate. A copy of the revised estimate is attached.

I also went to the School Board meeting on October 12th, where the Board discussed the proposed final easement. The only concern that was discussed and could result in a non-unanimous vote was the inclusion of handicap accessible equipment in the playground. I want to discuss this with the Parks and Recreation Commission to see whether the Commission is interested in trying to find some way to include a piece of handicap accessible equipment.

The School Board will be voting on this item at their meeting on October 26th. Staff is also planning to put the easement and playground equipment in front of City Council at their meeting on October 26th. The goal is to have the equipment purchased before November 15th, at which point the cost of the equipment will increase.

Additionally, I sent out donation request letters to 40 local companies. I targeted Dexter-area companies that likely do not often receive donation requests. I am hoping that checks will start coming in over the next week or two. I have sent request letters to Old National Bank and Menards.

Master Plan Survey

To date, we have received 123 responses to the Parks and Recreation Master Plan Survey. Based on the trends, I believe that we can begin dissecting results. A copy of the survey responses that we have received thus far is attached. I would like to leave the survey open for another few weeks in order to get closer to our 300 survey responses goal.

Keep Michigan Beautiful

Courtney Nicholls along with a member of JJR's staff will be attending the Keep Michigan Beautiful awards ceremony on Friday, October 16th on behalf of the City of Dexter. As noted in the September report, Mill Creek Park was awarded the 2015 President's Award from this organization. The City will receive a plaque for this distinction.

Mill Creek Park Work Day

The City hosted a Mill Creek Park work day on Saturday, October 3rd. Despite the rain, we had three members of staff, Shawn Keough, and Paul Evanoff from JJR show up to help plant several dozen new plants in Mill Creek Park. I believe that the Parks and Recreation Commission should have a discussion regarding members' interest in participating in these types of events.

First Street Park ROW Vacation

The City Council has set a public hearing for the partial vacation of the First Street Park right-of-way for October 26, 2015 at 7:30pm. More information about the vacation can be found:

http://dextermi.gov/sites/dextermi.gov/files/client_files/planning/documents/First_Street_Partial_Vacation.pdf.

Eagle Scout Project

Ian Bell and his Eagle Scout Troop have placed the bat houses and duck boxes as discussed. His father has asked if the prothonotary warbler houses could be placed near the cemetery on the south side of the Mill Creek Park path. Justin will be meeting with a member of the Cemetery's board to find out where the property boundary is located.

Please feel free to contact me prior to the meeting with any questions, etc.

Thank you.

EASEMENT AGREEMENT

DEXTER COMMUNITY SCHOOLS, a Michigan general powers school district organized and operating under the provisions of the Revised School Code, MCL 380.1, *et seq.*, as amended, whose address is 7714 Ann Arbor Street, Dexter, Michigan 48130 (the "Grantor"), and the **CITY OF DEXTER**, a Michigan municipal corporation, whose address is 8140 Main Street, Dexter, Michigan 48130 (the "Grantee") make and enter in to this **EASEMENT AGREEMENT** (this "Agreement") on _____, 2015 (the "Effective Date"). The Grantor and the Grantee shall individually be referred to as a "Party" and collectively, the "Parties".

Recitals:

- A. Grantor owns a parcel of land, located in the City of Dexter, County of Washtenaw, State of Michigan, more particularly described by the attached Exhibit A (the "Parcel").
- B. A portion of the Parcel is suitable for use as a playground and related recreational purposes, which portion is shown and described on the attached Exhibit B (the "Playground Area").
- C. Grantee desires to construct and install various pieces of playground equipment and related recreational equipment (the "Equipment") on the Playground Area for the benefit of residents of the City of Dexter and the Dexter Community School district, and Grantor is willing to allow the parcel to be used for these purposes. The term Equipment also includes any playground equipment or related recreational equipment added after the initial installation. An example of the Equipment that may be constructed and installed is attached as Exhibit C.

Agreement:

Therefore, based on the Recitals, the mutual covenants stated below, and for the sum of One and 00/100 Dollars (\$1.00) and other good and valuable consideration, the receipt and adequacy of which is acknowledged, and with the intent to be legally bound, the Parties agree as follows:

1. The Grantor grants and conveys to the Grantee, for the benefit of the Grantee, a nonexclusive, perpetual easement for the installation, maintenance, repair and replacement of the Equipment on the Playground Area, as well as a nonexclusive, perpetual easement for ingress and egress purposes to the Playground Area over and across the Parcel and Playground Area (the "Easement" or this "Easement").

2. After the Grantee installs any Equipment, the Grantee shall, at its sole cost and expense, maintain, repair and replace the Equipment, in good working order and in a safe condition, although the Grantee may remove any or all of the Equipment at any time.

3. The Grantee may undertake routine or general maintenance or repair of the Equipment at any time during the weekdays between the hours of 7:00 AM and 5:00 PM, without notice to the Grantor. Prior to undertaking any work to install, replace or remove any of the Equipment, and prior to any type of work to be performed by the Grantee's third party contractors, the Grantee shall provide the Grantor with notice. Notice may be given via telephone or electronic mail delivered to the number or email address provided here:

Telephone: (734) 424-4100
Email: timmisc@dexterschools.org

If the Grantor desires, the Grantee shall send a written confirmation of notice to the Grantor as follows:

Dexter Community Schools
Attn: Superintendent of Schools
7714 Ann Arbor Street
Dexter, Michigan 48130-1322

-and-

Dexter Community Schools
Attn: Chief Financial Officer
7714 Ann Arbor Street
Dexter, Michigan 48130-1322

The Grantee shall use good faith efforts to undertake any work at such a time as would cause the least amount of interference or disruption to the Grantor's use of the Parcel. Notwithstanding the above, if there exists some type of emergency which requires immediate work on the Equipment, the Grantee may immediately enter the Parcel and Playground Area in order to perform such work, and shall inform the Grantor, in writing, as soon as possible about the emergency condition and the Grantee's entry to perform such work.

4. To the extent permitted by law, the Grantee shall indemnify, defend and hold the Grantor free and harmless of, from and against any and all claims, damages, liabilities, costs and expenses, of every nature and kind whatsoever, including reasonable attorney fees and court costs, arising from or on account of any act, event, occurrence, omission or other event on, relating to or otherwise arising on account of the use of the Parcel (when used for playground purposes), the Playground Area, or the Easement.

5. The Grantor, its successors and assigns, reserves the right to construct and maintain or cause to be constructed and maintained, gas, storm and sanitary sewer pipes and conduits, and other utilities ("Utilities") over, across, through and under the Playground Area and to construct and to make such other use or uses of the Playground Area consistent with the purpose of this Easement as it does not unreasonably interfere with the Grantee's use thereof. If Grantor must remove Equipment in order to construct or maintain Utilities, it shall restore the Equipment to the condition prior to removal.

6. This Easement shall cease, terminate and be discontinued at such time as this Playground Area is no longer used for playground and related recreational purposes. The Grantee shall thereafter have no further interest or rights in the Playground Area. At the Grantor's option, upon termination of this Easement, the Grantee, at its expense, shall (i) remove the Equipment and return the Playground Area to the condition it was in prior to granting this Agreement; and (ii) record a Termination of Easement in a form acceptable to the Grantor with the Washtenaw County, Michigan, Register of Deeds.

7. In the event the Grantee breaches or fails to comply with any of the terms and conditions contained in this Agreement, it shall pay all of the Grantor's costs, including without limitation reasonable attorneys' fees which the Grantor incurs as a result of the Grantee's breach or other failure to comply with the terms and conditions in this Agreement.

8. The Grantee and all users of the Playground Area shall comply, in all respects, with the Grantor's current and future policies, rules and regulations governing the Parcel, Playground Area, and this Easement.

9. This Agreement and the Easement is intended to and shall run with the land, and shall be a burden on the Parcel and bind the Grantor and its successors and assigns and shall inure to the benefit of the Grantee and its successors and assigns.

10. No termination, amendment or waiver of any of the provisions of this Agreement shall be effective unless in writing signed by the Parties. No waiver of any of the provisions of this Agreement shall be effective unless it is in writing, signed by the Party against whom it is asserted, and any such written waiver shall only be applicable to the specific instance which it relates and shall not be deemed to be a continuing and permanent waiver unless so specifically stated. The provisions of this Agreement are severable; if any section, paragraph, sentence or provision hereof shall be determined to be invalid or unenforceable, it shall not affect the validity of any remaining provisions herein and all remaining provisions shall be given full force and effect separately from the invalid or unenforceable section, paragraph, sentence or provision.

11. This Agreement may be executed in any number of counterparts, and when fully executed by all Parties, shall be deemed one and the same instrument binding upon all Parties.

12. Nothing contained in this Agreement shall constitute any waiver by the Grantor or the Grantee of their rights and defenses, including without limitation, the defense of governmental immunity.

13. The Easement granted hereunder is not intended, nor shall it be construed, to create any rights in or for the benefit of the general public or any other third party, but only in the Grantee.

This document is exempt from state and county transfer taxes pursuant to MCL 207.505(h)(i) and MCL 207.526(h)(i).

IN WITNESS WHEREOF, the undersigned have caused their signatures to be placed on the day and year first above written.

1	need more playground equipment	10/12/2015 8:45 PM

3	No draw	10/9/2015 10:35 PM
4	We live outside of downtown Dexter	10/3/2015 1:35 PM
5	Summer construction (took too long)	9/25/2015 7:01 PM
6	The streets/traffic in Dexter are not especially "bicycle friendly" for children, making it difficult to to get my family to all but the Mill Creek parks (to which we are close enough to walk).	9/25/2015 1:18 PM
7	Accessibility	9/24/2015 2:28 PM
8	I have deep concern about safety of pedestrians (small children and elderly in particular) Mixed traffic of bicyclists, pedestrians, runners etc is just plain dangerous. The space under the motor bridge where rapids are loud and amplified it is impossible to hear anybody approaching from behind. In the last year I personally witnessed 2 near collisions between bicyclists and pedestrians. Bicyclists should be asked to dismount when approaching children's playground area.	9/24/2015 1:27 PM
9	Community Park needs more shade trees near picnic tables, needs more of a tree barrier with car dealer, needs safer road crossings in its neighborhood	9/24/2015 6:40 AM
10	We live across the street from "Lions Park" which I didn't realize was a park until this survey. We visit other parks to suit our needs. If we want to ride bikes we go to the B2B trail. If we want play equipment we go to Community Park or Cornerstone.	9/23/2015 9:28 PM
11	Outside of the mill creek parks and ryan parks the recreational oppotunities at the centrally located parks is pretty limited.	9/23/2015 12:02 PM
12	Kids like larger play structures. They also like splash parks.	9/22/2015 10:30 PM
13	My kids are at an age where they enjoy playground equipment, and only a couple parks have such equipment. But it's been fine to go to the schools to use the playground equipment. (I understand that different parks have different purposes/uses.)	9/22/2015 10:21 PM
14	I use the Mill Creek Park for trail access primarily	9/22/2015 10:08 PM
15	Need more public parks with playground equipment	9/22/2015 9:40 PM
16	no felt need to go to a park	9/22/2015 8:37 PM
17	Just do not use	9/22/2015 2:26 PM
18	I live across the street from Hudson-Mills, so it is easy to just walk across the street.	9/22/2015 12:59 PM
19	Just looking for stuff for kids, we use the one behind the fire station the most	9/22/2015 11:21 AM
20	Lack of public restrooms is a deterrent	9/22/2015 10:47 AM
21	locations are not ideal for the parks I do not use. Paths need to be maintained year round. My household primarily utilize parks for exercise. Not dog friendly enough nor enough seating for groups.	9/22/2015 10:29 AM
22	Playground isn't very interesting for older kids	9/22/2015 10:04 AM
23	I go to dog parks so my dog can run and socialize off leash	9/22/2015 9:05 AM

Q4 Please review the following list of parks and recreation activities commonly offered by municipalities like ours. Which do you feel are the most important to provide to the Dexter Community? Please rank each item with 7 being the LEAST important. You may only use each number one time. Note: not all choices are currently offered by the City of Dexter.

1	We haven't utilized this yet but plan to in the future!	10/12/2015 9:37 AM
2	This is a very poorly worded question - the answers are also very poor and non specific as to location.	10/10/2015 2:00 PM
3	We throw rocks in the river at the boat launch; would love a river bank area parents and little kids could easily access (boat launch steps are hard to climb)	10/10/2015 10:39 AM

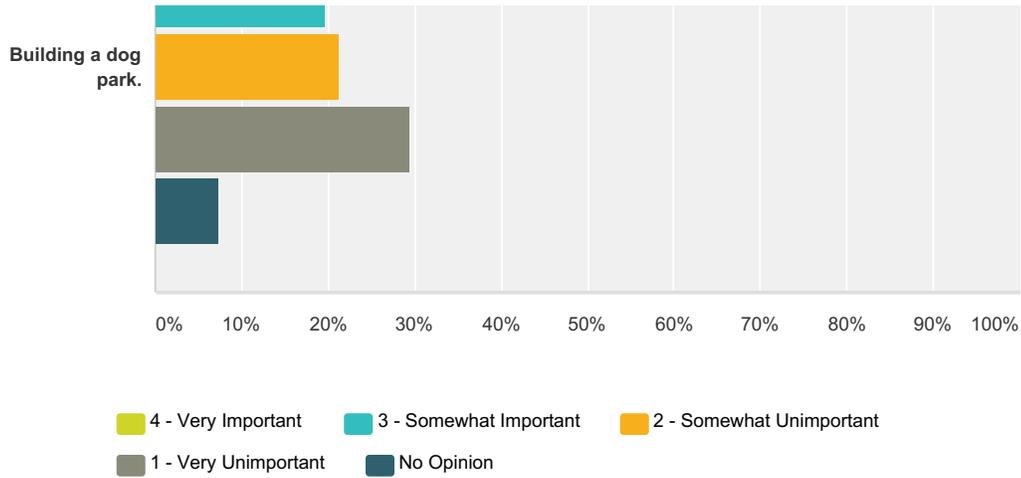

4	Somewhere to swim along b to b trail.	10/9/2015 10:35 PM
5	We do not want any more increased traffic coming into Mill Creek park	9/29/2015 9:44 PM
6	The area of the park which is accessed by the stairwell off Alpine St. is already used by so many, I think access should be in a less congested area with available parking.	9/24/2015 11:28 AM
7	Parking at Mill Creek is awful - only paved spots for kayakers, the rest of us get mud to park on	9/24/2015 6:40 AM
8	More parking near river would be great. But, I don't want current park use to be changed to canoe use only.	9/23/2015 10:40 PM
9	Weekend kayak/canoe livery & rental	9/23/2015 4:34 PM
10	Toilet facilities are terrible. We need fresh drinking water source	9/23/2015 3:48 PM
11	I would prefer a splash park to dirty river water	9/22/2015 10:30 PM
12	I would like to take my kids fishing in Dexter, but it seems difficult to find a place for kids to fish.	9/22/2015 10:21 PM

1	some food question	10/13/2015 7:56 AM
2	I do not think that the city should use resources to expand river access near Mast Rd bridge, since I think that it would be more irresponsible activity, i.e. underage drinking and unsafe driving conditions. These boaters, tubers should find a safer alternative to enter and exit the river, like a park with a launch area and adequate parking.	10/12/2015 10:10 PM
3	the city is looking great! our family would love to see more playground equipment in town, and sidewalks / curbs make a big difference for the walkability factor.	10/12/2015 8:45 PM
4	Question 4 and 5 are poorly worded. The ranking system in question 4 is a very misleading way to collect information. It artificially elevates or understates the ranking of topics. People should have the choice to rank more than one topic as LEAST important without giving another topic a higher ranking. The converse is also true. Question 5 on access to water should have been divided into several separate questions.	10/10/2015 2:00 PM
5	I love living in Dexter! We use the parks 4x a week, so I support any improvements! A splash pad would be amazing, as would a spot other than a boat launch where kids can play (with parents) at the creek's edge. The boat launch is tough for little kids to get up and down (and for me to carry them and jump). We love throwing rocks in the creek! :)	10/10/2015 10:39 AM
6	For a small city, Dexter offers many quality park and recreation opportunities.	10/10/2015 8:39 AM
7	Addressing the issues at the Mast Rd access point should be priority. Only a matter of time before someone is hit by a car unless alternatives are provided or a better access area is created elsewhere.	10/10/2015 8:30 AM
8	Slow down traffic on 4th st.	10/9/2015 10:35 PM
9	I love all the parks and wish to see more green space where ever possible.	10/9/2015 7:41 PM

11	I appreciate that you are seeking public opinion! Thank you.	10/3/2015 1:35 PM
12	- love the artwork! - better maps & online info for the border to border trails	10/2/2015 3:39 PM
13	I drive through Dexter everyday. Love this town, but have to go elsewhere on the weekends because there is no dog park.	10/1/2015 2:14 PM
14	Cleanliness, upkeep, and safe travel most important!! No need for constructing tacky "eye sores" such as splash pads. Landscaping and keeping overgrowth under control becoming more important! Natures Beauty attracted us, not playgrounds! Happy to help with brush control anytime! Thanks!	9/29/2015 9:44 PM
15	No	9/28/2015 2:22 PM
16	We appreciate your asking for feedback.	9/26/2015 4:51 PM
17	I would love to see a community outdoor pool and baseball fields through parks n rec if land and money were not an issue. Mill Creek Park North is very nice. We enjoy the scenery and having picnics there. The tables by the water are very nice. The playground equipment is ok but could be more exciting. very convenient to the library. We typically use the library restrooms if needed while at that park.	9/26/2015 12:45 AM
18	The last time I visited Mill Creek Park, the metal rail near the north end of the park was bent/vandalized. Has this been repaired? I'd like to suggest using a heavier duty material and disallowing skateboards which I think may have factored into the damage.	9/25/2015 9:49 PM
19	I was very disappointed with the summer construction project in our park near Huron Farms. Families visit this park daily over the summer and a project worked on for 4 or 5 days closed the park without reason for almost a month. Better planning is needed to prevent updating parks from becoming major inconveniences to families who use them.	9/25/2015 7:01 PM
20	Thank you for your continued hard work to make Dexter such a lovely city in which to live. My family and I feel very fortunate to be a part of this community.	9/25/2015 1:18 PM
21	Can we sponsor an adopt-a-park program? Partner with schools to garner interest and help from school children	9/25/2015 11:49 AM
22	I love walkability of Dexter but wish there were more benches along the sidewalks.	9/24/2015 1:27 PM

23	don't start new projects, just maintain or improve what already exists. Dexter is busy enough and handles residents as well as many other populations.	9/24/2015 11:28 AM
24	For both the parks and the general area, I'd like to see something done with the light systems to try and cut down on light pollution, which causes brightness in the sky even when dark, it'd be great to have some better views of the night sky and stars when there isn't a bunch of lights clogging the sky. I think having optional city wide blackout nights on nights with increased shooting star's would be a great idea.	9/23/2015 11:03 PM
25	I would like to further emphasize my interest in a splash pad.	9/23/2015 10:48 PM
26	Keep in mind that the only access by foot between Dexter proper and the sub off Island Lake to the north is the new path at Mill Creek. That alone is an important integrator of city residents, must be maintained safely, year-round, for years to come.	9/23/2015 4:34 PM
27	I would love updates on any further bike path progress.	9/23/2015 3:48 PM
28	It would be interesting to me to see the commission consider a sports complex maybe similar to that in Saline, or maybe like the wellness center. The pricing there is too prohibitive for many to join, and maybe a city run facility would be a bit more affordable?	9/23/2015 12:02 PM
29	I would like to see some play equipment in Monument Park, some kind of climbing structure for kids and a porch swing for adults to watch kids. Also a doggie bag waste station would be an asset. We have a lot of dog walkers in town and no waste stations.	9/23/2015 8:53 AM
30	trail maintenance needed to keep vegetation off boardwalks and trails	9/22/2015 10:08 PM
31	Thanks for running the survey!	9/22/2015 9:40 PM
32	good survey how about the people without computers any outreach. like at the farmer's market or the Dexter Bakery?	9/22/2015 8:37 PM
33	Excellent Job with the parks! Makes me proud to live in Dexter!	9/22/2015 5:47 PM
34	For a small community, the parks are fine now. Budget to maintain but not to improve or add new. Between Metroparks and A2, we have enough Parks.	9/22/2015 2:26 PM
35	I am very happy to see any improvements to non-motorized transportation, especially off-road, that connect the city to parks and schools.	9/22/2015 1:50 PM
36	I am very fond of the paths and trails in the city and think the existing facilities are very well maintained. They are much better than other towns/cities I have lived in (5 others since High School)	9/22/2015 12:59 PM
37	We are very pleased with the parks, especially those associated with Mill Creek. They are neat, well-maintained, and a real asset to the city. However, to enhance access to these parks I would suggest the city reduce the amount of time a car can be parked on Main Street to perhaps three hours. (I like to see non-resident bicyclists in town but some come to town, park their cars on Main Street, and leave them there for hour after hour.) Could additional parking for those who want to park cars for more than three hours be provided a block or so from Main Street?	9/22/2015 12:44 PM
38	Dexter have made some outstanding improvements over the last 8 years! Thank you	9/22/2015 11:16 AM
39	My family loves our city and our parks! Keep up the good work!	9/22/2015 9:00 AM
40	The parks we have visited we love. We love the sense of community and the pride the City has for recreation	9/22/2015 8:59 AM
