I. REPORTS:

Mr. Schlaff submits his written report as per packet. Mr. Schlaff provided the following updates:

- There were two sewer backups on Dover Street on February 2, 2021 and February 4, 2021. The clean out on February 2, 2021 caused water in the basement of 7909 Third Street, which was cleaned up. It appears that the cause of the backup problem was wet wipes. It was seven years ago when we began our sewer videotaping rotation. We started in this area and will re-start the rotation in this area this year.
- Under the Water Report, we reported 33 Miss Dig requests in February which has to be a record.
- Well 2 is back in service. Council approved money for a new well pump at a previous meeting.

- We have started cross connection survey inspections, however it is more difficult to get into places due to Covid, and we may be late getting these reports to the State.

M. COUNCIL COMMENTS:

Malek	None
Gilbert	I was moved by the letter sent by the young man. I am proud to live in a community where young people care and I would encourage kindness and respect in the community.
Cousins	Sometimes you may take my tone as criticism but it often is frustration. I was on the committee when discussions first started on a City and the Fire Hall and the situation has not changed.
Knight	None
Griffin	Our family went to Aubree's on Saturday. It was nice to be back in a restaurant.
Michels	None
Hubbard	I am frustrated too. We need to take a look at issues that have been on the radar for a long time, but we need to move forward.
Fisher	None

N. NON-ARRANGED PARTICIPATION:

Ryan Henyard of 3577 Shaw Court thanked the City on improving the hardship guidelines and for showing compassion for those who need such guidelines. Mr. Henyard stated that a lot of people have questions surrounding Covid and that his office has put together a "teach out" on vaccines and the Covid crisis.
