

Dexter Geocache Tracking Log

Welcome to the City of Dexter! The City has partnered with local geocachers through geocaching.com to host the Dexter Geotrail. This geotrail takes geocachers through the City's downtown and surrounding neighborhoods to visit each of its six parks. Each park has a hidden Dexter Geotrail geocache.

Within each geocache is an alphanumeric code. Look for the code on the inside of the geocache and record it in this log. Once you find all seven geocaches and complete the log, bring it to one of the locations listed below and claim a Dexter Geotrail Pathtag!
